Harwich Junior Theatre is Cape Cod's premiere family theater dedicated to bringing the finest quality live theater to children, young people, and their families. Thanks to the inspiration of Betty Bobb, a renowned leader in theater education, the curtain went up with a production of Cinderella at Harwich Center's famed Exchange Hall in 1952. Due to the efforts of literally hundreds of volunteers, and a small, dedicated, professional staff, HJT has grown to become one of the country's most widely respected playhouses for young audiences.

Now in its 54th season, HJT offers a full curriculum of inspiring and fun classes (preschool through young adult) taught by theater professionals, where students receive training in all areas of performance and production.

Casts and crews for our productions are often drawn from our classes and workshops, with adult roles played by actors from the theater community. HJT is truly a nurturing and magical place for the entire family where children and adults are welcomed with equal enthusiasm. Students at HJT develop their imagination, talent, and creativity while meeting interesting people from all walks of life. At HJT we focus on teamwork and collaboration, the best way we know to grow in confidence and self-esteem.

The Harwich Junior Theatre curriculum is based on the Creative Drama philosophy that is concerned with the inner creative and social growth of young people. All of our classes conclude with a final demonstration and are excellent preparation for HJT main stage productions. All roles for our main stage productions are by audition. HJT auditions are open to everyone, although students (past and present) are given priority. We offer this as a certainty, time spent at the HJT will provide our young people with wonderful memories and an appreciation for theater that lasts a lifetime. ❖
